Hello scholar and welcome to APUSH,

I commend you for pursuing the challenge of an AP course this upcoming school year. For some of you this will be your first experience with an AP class, whereas others are seasoned veterans. But one common denominator links you all - you probably want a grade bump in your GPA and gain valued college credit. My job is to help you attain both of those goals.

APUSH is designed to provide you with the analytic skills and factual knowledge necessary to deal critically with the problems and materials in U.S. history. It prepares you for intermediate and advanced college courses by making demands upon you equivalent to those made by full-year introductory college courses. Students in this class can expect a rigorous workload, and there will be an expectation of original thought. To be successful you must be an independent learner.

Your junior year is significant; it is season when colleges begin scrutinizing your academic capacity. Begin this year by putting your best work ethic forward and let's have a great year together. Should you need assistance, you can reach me via dvomsteeg@tvusd.us

Warm Regards,

Summer Assignment: Simply there is **NO** summer assignment

However, for those who are bored out of your mind or simply want to get a jump start on the year I have created a folder on Steeger Central that will let you get started. We hit the ground running at a brisk pace in August.
